Godkännande av kväveoxidprotokoll

1989/90  
JoU7

Regeringen (miljö- och energidepartementet) har i proposition 1989/90:5 föreslagit att riksdagen godkänner protokollet till 1979 års konvention om långväga gränsöverskridande luftföroreningar rörande reglering av utsläppen av kväveoxider eller dessas gränsöverskridande flöden. Protokollet undertecknades av 25 stater vid ett sammanträde med konventionens styrelse i Sofia i november 1988. Enligt protokollet åtar sig de fördragsslutande staterna att till utgången av år 1994 begränsa de årliga utsläppen av kväveoxider till 1987 års nivå. Förhandlingar skall dessutom inledas om ytterligare minskningar, så att utsläppen reduceras till nivåer som motsvarar vad miljön tål.

## Hemställan

Utskottet tillstyrker propositionen och hemställer

att riksdagen godkänner protokollet till 1979 års konvention om långväga gränsöverskridande luftföroreningar rörande reglering av utsläppen av kväveoxider eller dessas gränsöverskridande flöden.

Stockholm den 7 november 1989

På jordbruksutskottets vägnar
